SITUATION IN THE COUNTRY HOPEFUL

Authorities Believe They Will Soon Control Fever.

NEW CASES AND 2 DEATHS

Officials of Arkansas Refuse to Allow the President's Train to Enter That State, Roosevelt's Visit May Be Postponed.

New Orleans, Sept. 25.—Todya was a clear and cool with early reports indicating a fever record, approximately that of yesterday. Only one death occurred during the night. In spite of the fever the records now being made up at the board of health point to the fact that the death rate for August this year is about the same as last with the same likely also to be true of the month of September.

President E. C. Foster, of the New Orleans railways company who, although from Boston, has remained all throughout the fever, shows by the figures of his company that the fares collected during August and thus far in September have fallen barely 1 per cent behind what was collected during the same months of the previous year, showing the small percentage of people who left the city owing to the fever.

Conditions in County Hopeful.

If the present rate of progress is kept up the state board of health believes that the fever in the country parishes will disappear almost as soon as that at New Orleans, with the prospect that some of the country settlements will be free earlier, due to the fact that frost appears in many pars of the state before it does in New Orleans.

Lake Providence, in the northern part of the state, which was a hotbed of fever a couple of weeks ago, is rapidly driving out the disaese, the new cases now having dwindled to one a day. The disease has lost its epidemical character and there are only 30 cases altogether under treatment.

For the fourth day all the new cases in Tullah are negroes. All the whites ill there have recovered or are convalescent.

Seventeen cases are under treatment in the Barataria district, which Dr. Shanley covered before his illness, but the Catholic church there has been converted into a hospital and it is thought there will be few more deaths in that section. Dr. Shanley has recovered, and is preparing to go back to work.

Strenuous efforts are being made in all the country districts to eradicate the fever so that quarantines may be lifted or modified now that the busy season in the fields is nearly upon the planters.

Movement of Cotton Handicapped.

In central Louisiana picking and moving of cotton is somewhat handicapped for the want of sufficient labor and owing to the fumigation requirements ginners are having some trouble in getting cars which is hurting business in the country towns, all of which are now eager to see intercourse reopened.

Business men in Lafayette have filed an injunction suit against the police jury and parish health board enjoining the quarantine which they say is not uniform and which is unnecessary because there is no fever in the town and damages are claimed in the sum of $1,000 a day.

Among the new cases reported here is one in the German Protestant orphan asylum up town. It is the first case in any of the Protestant institutions. Extraordinary precautions have been taken to protect the case.

Work was resumed today on the levee front and traffic will again move freely. The settlement decided on by Adam Lorch, the arbitrator was accepted by both sides and there will be no more cotton labor trouble during the present season.

Assumption, East Baton Rouge, St. notified the authorities that they will take laborers from New Orleans who are properly certificated and it is expected that the remaining sugar parishes will follow suit.

Details of the reception of President Rooseven will await a final decision from Oyster Bay and Arkansas. The president, however, is unable to change his route so as to visit Arkansas first and unless the Arkansas authorities yield, it is possible that the date of his coming to New Orleans will have to be deferred.

Six New Cases at Pensacola.

Mobile, Sept. 25.—A Pensacola, Fla., special to the Daily Item says:

Six new cases of yellow fever were reported here today. Mrs. Ragan, near Perdido wharf; W. Cole, West Government street; M. E. Cross, South Olivia street; Tom Clopton, a negro, Anthony's hospital, and Henry Miller, East Chase street, are the new victims.

Williams contracted the disease last Sunday while a prisoner in the city jail.

The development of these cases shows an enormous spread of the fever, the new foci in the extreme western part of the city is near marsh lands, which are said to be admirable places for mosquitoes. This makes the efforts to stamp it out in that particular section very hard.

Clopton resides in the western part of the city which might be said to be an entirely new foci.

All available doctors are busy today.

L. D. Perdue, a fever patient is expected to die at any moment.

Four New Cases at Natchez.

Natchez, Miss., Sept. 25.—New cases of yellow fever reported this morning brings the total from the last twenty-four hours up to five.

The new cases are both in a new fucus.

Postmaster Walworth is in a precarious condition. There are now 14 cases under treatment. Total foci, 6; cases to date, 47.

Drs. Lavender and Sessions are at Harristown, 28 miles northeast of here diagnosing suspicious sickness.

AWAITING VENEZUELA'S REPLY.

France May Send Warships to South American Republic.

Paris, Sept. 25.—The foreign office has not yet received Venezuela's response to the instructions sent to M. Tafgny, the French charge d'affaires at Caracas, requiring Venezuela to disavow her offensive action in refusing to carry on relations with France through him, therefore French action in the matter is in abeyance pending receipt of the reply. The official view strongly supports concurrent action on the part of the United States and France.

It is said that no direct propositions for joint action have yet been formulated.

The sailing of Ambassador Jusserand on the Lorraine, for New York, today is expected to afford an early opportunity to go over the situation.

In the meantime the authorities say that no decision will be taken relative to the dispatch of warships or other steps until Venezuela has had an opportunity to reply.

Suspected of Murdering Girls.

New York, Sept. 25.— A newspaper clipping found in the room of Joseph Girard, who is accused of killing Augusta Pfeiffer, near the Haunted Oak at Pelham road, leads the police to suspect that Girard may know something about the murder of Elizabeth Davis, at Middletown, N. Y. Detective Sergeant Price said that the body of Miss Davis was found in Walkill river near Middletown on March 30 last year. It bore evidence of having been maltreated as had the body of the Pfeiffer girl, and physicians said it had been in the water about two months.

Letter Carriers' Officers Resign.

Indianapolis, Ind., Sept. 25.—F. H. al Letter Carriers' Association, W. F. Tumber, secretary, W. L. Fetters, treasurer and H. E. Nivan and W. H. Aldridge, members of the executive board, resigned from their positions at this morning's session of the convention The resignations came before a motion asking for their resignations could be acted upon.

DECISION RENDERED AGAINST AMERICANS

Canadian Judge Refuses Writ of Habeas Corpus.

REACHED LIMIT OF RESOURCES

It Is Believed Now that Gaynor and Greene, the American Contractors Will Have to Return to This Country for Trial.

Montreal, Sept. 25.—A decision against Colonel J. F. Gaynor and Captain B. D. Greene, the American contractors, wanted in the United States on charges of defrauding the government, was handed down by Judge Oui. met to day in the court of king's bench.

It is the general belief among legal men that Greene and Gaynor have reached the limit of their resources in fighting against extradition.

The defense still has two weeks in which to begin further proceedings to act as a stay.

The decision given today was on a writ of habeas corpus, based upon the contention that Judge LaFontaine, the commissioner who held them for extradition, had no authority to in the case.

WOMAN HELD FOR ROBBERY.

Chicago Police Believe They Have a Noted Female Burglar.

Chicago, Sept. 25.—Much secrecy is being used by the police regarding a woman prisoner who was arrested last night by Detective Kane, of Chicago, and detective Print of Cincinnati, O.

The woman is being held in connection with a $3,500 diamond robbery, which is said to have taken place in the Ohio city several weeks ago.

The prisoner gave her name to the police as Annie Brady. Chief of Police Collins issued an order to the policemen at the station where she is being held to allow no persons to see her.

The alleged robbery for which the woman is being held is said to have occurred when she was employed as a servant. She is said to have taken money and jewelry worth $3,500 from her mistress.

SUBWAY TAVERN CONDEMNED.

Women's Christian Temperance Union Adopted Resolutions.

New York, Sept. 25.—One plant in the platform adopted yesterday by the twenty-second annual convention of the Women's Christian Temperance union of Kings county is devoted to a condemnation of the subway tavern, that was.

The subway tavern, it reads, "has now revealed its true character—that of a common saloon—its cafe-taker having confessed that its aim was to secure as customers the respectable inhabitants of the residential section of the city.

"We protest against the establishment of such traps for the unwary, and countenanciny of such devices of satan by Christians, and we will labor against such places equally as against the less hypocritical saloon."

Right Negro Lynched.

Little Rock, Ark., Sept. 25.—From responsible citizens of Conway at which place the negro Frank Brown was lynched last night, say today that there was no mistake that he was the man wanted. Mrs. Lawrence positively identified Brown as the man who assaulted her some days ago and killed her two-year-old child. The coroner's jury today returned a verdict that Brown came to his death at the hands of unknown parties.

An Agreement Is Reached.

Karlsbad, Sweden, Sept. 25.—An agreement was reached this morning on the terms for the dissolution of the union of Norway and Sweden. The understanding was arrived at during the final session of the delegates, which lasted over three hours, during which the secretaries were engaged in preparing a protocol for the signature of the representatives of the two countries.

MEMBERS OF "BLACK HAND."

Arrested by New York Police—Letter Found on Italian.

New York, Sept. 25.—In the arrest of three men last evening on board a Staten Island ferry boat, the police at last believe they have obtained a clew to the mysterious "black hand" society, which for years has terrorrized local Italian citizens.

Roundsmen Cahelene and Smith, who made the arrest, found on one of the prisoners a "black hand" letter which had been mailed; two loaded revolvers, two stillettos and a knife.

The roundsmen were in plain clothes and they saw Lugio Basilo, and Ermancino Comisilo talking excitedly to a bootblack, the roundsmen afterwards questioning the bootblack were told that the men said three other men had taken them to Silver Lake and had held them up with pistols, taking from them a silver watch and chain, and $30 in warned under penalty of death to remain where they were for two hours, the three men left, and the two, after waiting 15 minutes, started back to the ferry.

The men who had robbed them were found. The three men under arrest are Decimi Darmono, Giovannio Sancoro and Paulo Montelo.

NEXT MEETING IN TORONTO.

Sovereign Grand Lodge I. O. O. F., Enacts New Legislation.

Philadelphia, Pa., Sept. 25.—The question of the independence of the patriarchs militant of the Independent Order of Odd Fellows was considered by the sovereign lodge in secret session.

The committee to whom the matter was referred, reported but the matter was set aside until the next annual session in Toronton. In the interim the patriarchs will continue their present relations with the sovereign grand lodge.

The sovereign grand lodge made several changes in the constitution. The specific part of the constitution remodeled was section 1, article 9, which relates to the manner of electing grand representatives from the different jurisdictions.

The article until now provided that two new delegates should be elected yearly, but it has been so changed as to permit the election of one of the delegates to hold the position of grand representative so long as his jurisdiction wishes to retain him, and that the second shall be elected yearly.

Trusty Prisoners Escapes.

New York, Sept. 24.—A trusty prisoner escaped from Governor's Island yesterday afternoon and the entire garrison with the police of New York were searching for him last night. When the sergeant in charge of a squad of six prisoners who had been detailed to clean around officers' houses, assembled his men at 5 o'clock he found he had only five. The missing prisoner is Oliver Farmer, formerly a member of D troop, Eleventh cavalry. Farmer, who deserted at Fort Sam Houston, San Antonio, Tex., was recaptured in April and was sentenced to 18 months' imprisonment. It is supposed the prisoner swam across the Buttermilk channel.

Charged with Investigating Riots.

Tokio, Sept. 23.—12:30 p. m.—Following drastic reconciliary visits of the prosecutors and judges of the preliminary court yesterday to the office of the newspapers Niroku and other places there were 22 arrests made during the night and early this morning. Among those arrested are two persons closely connected with the Niroku. The others are mostly workmen. The charges are that of instigating the recent riots.

Attempt to Blow Up Bank.

Warsaw, Russian Poland, Sept. 25.—An attempt was made today to destroy the Shereshevsky bank. A man threw a bomb at an open window of the bank, but missed his aim, and the missile exploded in the court yard, dangerously injuring the perpetrator of the crime, a young Jew. It appears that the outrage was due to the fact that the bank's officials had refused to contribute to the funds of the revolutionists.

FAST TIME MADE BY AUTOMOBILES

Elimination Races Attract Great Amount of Attention.

WAS NO SERIOUS ACCIDENTS

One Hundred and Thirteen Miles Are Seconds—One Car Is Overturned but Minutes—One Car Overturned but No One Injured.

Mineola, L. I., Sept. 25.—In the elimination auto races today, by which five American cars were to be selected to enter the W. K. Vanderbilt cup race on Oct. 14, A. L. Pope's 80-horsepower car, driven by Albert C. Bingley, made the best time over the 13.2 miles course, going the distance in 2 hours and 50 seconds.

This time is three and three-quarters miles an hour better than was made by Heath, who won the cup last year in his 80-horsepower machine.

The four other cars that qualified for the big race were Dr. H. H. Thomas' 30-horsepower machine driven by Joseph Tracy, who came in second, doing the distance in 2 hours, 4 minutes and 9 seconds.

E. Shurman's 40-horsepower car, driven by Robert Jardine was third -Time, 2 hours, 18 minutes, 18 seconds.

Elmwood Haynes' 30-horsepower car, driven by Frank Nutt came in fourth in 2 hours, 23 minutes and 52 seconds, and the fifth car was H. S. Houpt's 80-horsepower car driven by Montague Roberts in 2 hours and 29 seconds.

There were no serious accidents although Jardine in Shurman's car and his mechanic had a narrow escape when their car turned turtle.

They both jumped and with the help of the spectators, righted the machine and proceeded.

Robertson, driving Haynes car, escaped injury when he struck a curb on the first lap. The only damage was a cut tire.

ELECTION RIOTS IN CUBA.

Congressman and Chief of Police Are Killed In Melee.

Havana, Sept. 24.—Official dispatches received from Cienfeugos announced the killing of Congressman Enrique Villuendas, leader of the Liberal party, and the most able orator in the lower house and the chief of police of Cienfuegos, during a conflict between the two political parties, the Liberals and the Moderates.

The government advices say the police had information that within the hotel in which Villuendas resided a quanitity of arms had been deposited, and they went to the hotel to investigate the matter. As the police ascended the stairs they were met by a party of Liberals, who fired on them, killing Chief of Police Illance. The police returned the fire, killing Villuendas and wounding several others.

Intense excitement prevails at Cienfuegos and Havana.

ATTEMPT TO HOLD UP AUTO.

Occupants Refuse to Stop and Bandits Fire Upon Them.

Chicago, Sept. 25.—Springing from sides of the road, two masked bandits attempted to hold up an automobile last night at a foot of the Hubbard hill in Winnetka.

The road at this point is lonely and there are no houses within a mile. The autoists among whom were two women and a little girl, refused to stop, and the bandits fired ten shots at the speeding car, but failed to stop the machine of its occupants.

The driver of the machine, G. H. Holbarth, of Kankegan, Ills., was accompanied by his wife and Mrs. C. Yates, and her 16-year-old daughter, Grace. Mr. Holbarth ran the machine into Glencoe at Full speed, regardless of the ordinances, and reported the attempted hold-up to the police.

Two policemen were sent to the scene but failed to find any trace of the bandits.

CRUSHING MACHINE IS NOW AT WORK.

Several Carloads of Flint Rock Have Been Received.

WORK SOON TO COMMENCE

On West Liberty Street, and This Will be Followed by the Paving of Other Thoroughfares Until the Entire City is Paved.

The crusher recently purchased by the City Council has "got busy," and for the past two or three days has been doing good service near the Gainesville and Gulf railroad depot, where it has been placed in commission.

The material to be used in the construction of West Liberty street is the best grade of flint rock, and comes from the Cannon quarries, Rocky Point. Several carloads of the material have already been delivered, and the same is unloaded from the car direct into the crusher bin, making only one transfer. The material is said to be the finest for surface work in the state.

The foundation of the street will be of some soft substance, probably Alachua rock, which will be laid for a thickness of about four inches. The thoroughfare will be surfaced with the flint, which will make a hard, most desirable and lasting roadway.

The street committee, of which Councilman W. B. Taylor is chairman, are fully alive to the necessity of good streets, and it was largely through the influence and work of this committee, which is comprised of Councilmen Taylor, Hodges and Cushman, that the expenditure for street-building machinery was made. It was an expenditure, however, which will prove a great benefit to the masses, as good streets are enjoyed and appreciated by all alike.

As soon as a sufficient quantity of rock is crushed a force will be put to work grading the street, and the paving "gang" will immediately follow.

It will require some time, but the people who have the matter in hand are determined to have good streets, which is one of the most essential improvements of any progressive town or city.

THEY WANT THE SUN.

Mrs. Chas. Ellithorpe Says She Cannot Get Along Without the Paper.

The Sun is in receipt of a highly appreciated letter from Mrs. Chas. Ellithorpe, formerly of Gainesville but now residing in Millington, Mich.

Mrs. Ellithorpe orders The Sun continued, and adds that both her husband and herself are anxious for the paper. "We still love Gainesville and our friends there," she says, "and the only way to keep posted as to their doings is to read your valued paper."

Mrs. Ellithorpe states that a frost occurred in Millington on the 10th inst., and the weather is quite cool there. The farmers are hustling to get their corn harvested, and the threshing machines are busy.

Little Miss Annie Ellithorpe, who has many friends among the young folks here, is attending school regularly, and it will be interesting to know that she is well advanced in her studies.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M Johnson.

DR. WILLIAMS A GOOD FARMER

Harvested 38 Bales of Upland Cotton From 21 Acres.

HAY CROP WAS PROFITABLE

It is Said That Last Year He Netted $6,000 on This Crop Alone, and Expects to Realize $10,000 the Coming Season—A Practical Man.

Dr. Abner R. Williams, who conducts a large farm of 1400 acres near Alachua, upon what is known as the Barnes plantation, has demonstrated with considerable profit and satisfaction that farming in Florida pays, if it is conducted on business-like and practical principles.

Last year Dr. Williams, feeling confident that short staple cotton could be grown in this county at a greater profit than long staple, or Sea Island, as an experiment planted twenty-one acres, with the result that the plant thrived well and the harvest amounted to thirty-eight bales, which he marketed in Savannah at 11 cents per pound.

But Dr. Williams' long suit is hay, and every year he makes a good thing financially from this crop. Last year he netted $6,000 on hay, and the coming season expects to realize $10,000. He has been accustomed to bale his hay and sell at $16 per ton, f. o. b., at his farm, which is on the Atlantic Coast Line. The production is said to be as fine as is grown in the United States, and the demand is ready, the greater part of the crop being sold to Tampa wholesale merchants.

Dr. Williams believes that if the farmers would become cured of this long staple fever and plant short cotton and more of other standard crops, they would in the end find the experiment more profitable.

G. & G. Changes Schedule.

The Gainesville and Gulf Railroad has a change of schedule which it will be well for the traveling public to remember. The train originally leaving Gainesville for Sampson City and connecting with the Georgia Southern and Florida for Palatka and Macon at 6:15 o'clock now leaves at 6 o'clock. There is no change in the morning train for the same point and making the same connection, which leaves Gainesville at 6:30 o'clock.

The train leaves Gainesville for Fairfield at 12:30 p. m., and returning arrives in Gainesville at 5 p. m. This will give passengers from Gainesville time to visit Micanopy, transact their business and return the same day, an advantage never before offered by this road.

Closed for the Season.

The last of the union Sunday services for the summer were held at the Baptist church Sunday evening and there was a large attendance. Rev. Thomas P. Hay of the Presbyterian church had charge of the services, assisted by Rev. T. J. Nixon of the Methodist church and Rev. Stuart B. Rogers of the Baptist church. The sermon was delivered by Rev. Francis H. Craighill of the Episcopal church and was a very able discourse.

A pleasing feature of the service was the solo by Mrs. Maretta Brooks, "Nearer My Home." Mrs. Brooks has a voice of considerable sweetness, and her rendition of this touching selection was highly creditable.

Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

Mrs. Chester Curry — Mrs. Chas. F. Brown

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous prostration than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women testify to this fact.

Mrs Chester Curry, Leader of the Ladies' Symphony Orchestra, 42 Saratoga Street, Boston, Mass., writes:

Dear Mrs. Pinkham:—

"For eight years I was troubled with extreme nervousness and hysteria, brought on by irregularities. I could neither enjoy life nor sleep nights; I was very irritable, nervous and despondent.

"Lydia E. Pinkham's Vegetable Compound was recommended and proved to be the only remedy that helped me. I have daily improved in health until I am now strong and well, and all nervousness has disappeared."

Mrs. Charles F. Brown, Vice-President of the Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"I dragged through nine years of miserable existence, worn out with pain and nervousness, until it seemed as though I should die. I then noticed a statement of a woman troubled as I was, and the wonderful results she derived from Lydia E. Pinkham's Vegetable Compound, I decided to try it. I did so, and at the end of three months I was a different woman. My nervousness was all gone, I was no longer irritable, and my husband fell in love with me all over again."

Women should remember that Lydia E. Pinkham's Vegetable Compound is the medicine that holds the record for the greatest number of actual cures of female ills, and take no substitute.

Free Advice to Women.

Mrs. Pinkham, Lynn, Mass., invites all sick women to write to her for advice. Mrs. Pinkham's vast experience with female troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

HIGH SCHOOL FACULTY HAD A FINE MEETING

Faculty Was Organized With Great Deal of Enthusiasm.

PROSPECTS ARE EXCELLENT

For the Best and Most Successful Term the School Has Ever Had, Since Several Grades Have Been Added—Will Open Monday, Oct. 2.

An enthusiastic meeting of the University High School faculty was held at the Auditorium Monday morning, and preparations completed for opening school Monday next at 8:30 a. m. All the teachers were present, except the teacher for the sixth grade, who has not arrived yet.

Mr. Sheats, in a pleasant and entirely informal talk, outlined the general policy of the school and expressed the hope that the year's work would be the best and pleasantest in the lives of them all. He desired to co-operate with them, and earnestly bespoke their hearty support and co-operation; said that he would always be open to suggestions and desired them to consult him freely and as a friend and co-worker.

The faculty was regularly organized by the direction of Mr. Sheats as chairman and Mr. McBeath, the vice-principal, as secretary.

The elementary grades were then tentatively assigned as follows, Mr. Sheats explaining that not being acquainted with the special adaptabilities of the various teachers he reserved the right to make such changes in the assignments as the next few weeks might show to be the best for the interests of the school:

8th grade, Mrs. W. P. Coffey; 7th grade, Miss Annie DaCosta; 6th grade, (to be supplied); 5th grade, Miss Serena Shannon; 4th grade, Miss Nannie McIntosh; 3rd grade, Mrs. Sallie Zetrouer; 2nd grade, Miss Florence Balis; 1st grade, Miss Mabel Sanchez.

The faculty of the high school will consist of Hon. W. N. Sheats, principal; Tom F. McBeath, vice-principal, and Mrs. C. C. Powell, assistant.

It was decided to conduct the high school on the departmental plan.

The morning session will open at 8:30 and close at noon, the afternoon session opening at 1 p. m. and closing at 4. The session for the primary grade, however, will be shorter. It was arranged that the teachers, taking turn-about by couples, should remain on the school grounds at the noon hour.

It was agreed to request the parents to start their children from home in the morning so as to have them reach the school building not earlier than 8:15.

It was decided to have a commercial course, and a room will be fitted up for that purpose and a competent teacher secured.

Mr. Sheats requests that private families willing to take a few boarding pupils at reasonable rates communicate with him.

The outlook for the best school this city has ever had is very promising.

The curriculum of the high school is just a little higher than was that of the East Florida Seminary. Graduates of the high school can enter the freshman class at the University or the State College for Women without examination.

It was voted to allow Mrs. M. C. Brooks the use of the school piano until she can determine whether the size of her music class will justify her in renting one, and also to allow her the use of the Auditorium for her music class.

THE YELLOW FEVER.

New Cases at Pensacola—New Orleans is Steadily Gaining.

Pensacola, Sept. 25.—Nine new cases are reported in the city today, and with one exception the new cases are in the old infected district. The authorities are doing their best under the circumstances, and it may run until a frost comes. Sunday there were seven new cases.

At New Orleans.

New Orleans, Sept. 25.—From 6 p. m. yesterday until noon today there were seven cases and two deaths. Total number of deaths to date, 379.

Fever Notes.

Arkansas has placed a quarantine on Florida oranges.

A large number of suspicious cases are reported at Pensacola.

A detention camp is to be established at Pensacola, so that people who want can leave the city.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

INTERESTING WEDDING.

Marriage of Geo. W. Perry and Miss Emma McMillan Sunday Night.

One of the most largely attended church weddings held in this city for some time was that held at the Advent Christian Church Sunday evening, when George Washington Perry and Miss Emma McMillan, two well known and popular people, were united in the holy bonds of matrimony, Rev. Joe Sherouse of Jacksonville officiating.

The church was crowded to its fullest capacity a half hour before the hour for service, and many who came after 7 o'clock were compelled to tarry outside or return to their homes. A great many remained, as the ceremony was not performed until after the regular evening service.

The ceremony was a most impressive one and well rendered by Mr. Sherouse. There were no attendants, and immediately after the ceremony the happy pair drove to their home in North Gainesville, where they began house-keeping.

The Sun, with other friends of the contracting parties, extend congratulations to Mr. and Mrs. Perry, with best wishes for a long and happy married life.

The church was beautifully decorated for the occasion.

IN THE MAYOR'S COURT.

Marshall Jacobs Fined for Disorderly Conduct—Other Cases.

The docket in the municipal court was rather light for Monday morning, only two offenders being arraigned.

Marshall Jacobs, charged with disorderly conduct, was find $5 and costs or twenty days. He paid the fine.

Corinne Edwards was arraigned upon a charge of disorderly conduct but was released upon payment of costs.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Cows Destroy Gardens.

The running at large of cows upon the streets of the city has got to become a regular nuisance, notwithstanding the efforts of the officers to impound them. They have become so numerous that it is impossible, with the inadequate force, to "run" them all in, and additional help should be secured.

On Saturday night the streets were thickly inhabited by cows. They forced an entrance into the yard of Benjamin Dawkins, 208 E. Magnolia street, and destroyed not only the flowers, which Mrs. Dawkins prized highly, but proceeded to make away with the garden, leaving the place almost a total wreck.

New Railroad for Georgia.

Cordele, Ga., Sep. 25.—A petition for a charter for the Cordele, Hawkinsville and North Eastern railroad has been filed. The incorporators are J. Pope Brown, H. P. Lovejoy, W. N. Persons, B. J. Henry, J. J. Harvard and C. W. Jordan, Jr., of Hawkinsville, and B. P. O'Neal, R. L. Wilson, L. B. Parker, C. C. Curtis, R. C. Harris, F. R. Wallace, J. A. Ward and W. H. Dorris, of Cordele. The proposed capital stock is $3,00,000. The petition sets out that the road will run from Cordele in a northeasterly direction to Tippettville and from there directly to Hawkinsville. It is estimated that the length of the road will be 25 miles. The principal office of the company is to be in Cordele.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edna, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

Ohio Democrats Open Campaign.

Newark, O., Sept. 25.—The Democratic state campaign was opened here today at an open air mass meeting in which three of the party candidates participated, assisted by a former candidate for governor. The presiding officer was Judge S. M. Hunter, of this city, who was a prominent candidate for the gubernatorial nomination against Pattison.

Two Killed in Collision.

Salt Lake City, Utah, Sept. 25—A report has been received here that the second section of the westbound passenger train No. 1 on the Oregon Short Line, collided head-on with freight train No. 26, eastbound, today near Weister, Idaho. At least two persons are known to have been killed.

Negro Fires Upon Posse.

Germantown, Tenn., Sept. 25.—The posse hunting for the ringleaders of the recent Germantown race riots this afternoon was fired upon by Alva Jones, a negro, who was wanted as a witness. The posse returned the fire and Jones was mortally wounded. The posse, led by dogs, is hunting for the other negroes.

Alabaman Announces for Governor.

Gravelswitch, Ky., Sept. 25.—Jason Crumbley, a resident of this county, returned home to visit his wife and child. Upon his arrival he grasped his 6-year-old daughter by the chin to kiss her, lifting her head back. The little one sank to the ground dead. A physician found that her neck had been broken by her father.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CATARRH
A UNIVERSAL DISEASE

Catarrh usually begins with a cold in the head, but does not stop there. The mucous membranes all become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and distributed to all parts of the body. The patient is then continually hawking and spitting, the nose is stopped up, the ears have a ringing or buzzing noise, the throat becomes sore, and as the unhealthy matter more thoroughly saturates the blood a general feeling of despondency takes possession of the system.

I had Catarrh for about fifteen years, and no man could have been worse. I tried everything I could hear of, but no good resulted. I then began S. S. S., and could see a little improvement from the first bottle, and after taking it a short while was cured. This was six years ago, and I am as well today as any man. I think Catarrh is a blood disease, and know there is nothing on earth better for the blood than S. S. S. Nobody thinks more of S. S. S. than I do.
Lapeer, Mich. M. MATSON.

Local applications cannot cure Catarrh, because they do not reach the seat of the trouble. They allay the inflammation and temporarily relieve the disease, but as soon as they are left off the trouble returns. The only way to cure Catarrh is to treat it through the blood. S. S. S. soon clears the blood of all Catarrhal matter and purges it of all irritating poisons, checks further progress of the trouble and completely cures the disease. S. S. S. keeps the blood in perfect order so that it can eliminate from the system all waste matter that will produce Catarrh. Nothing equals this great vegetable remedy in the cure of this disease. Write for our book and any medical advice you wish We make no charge for either.

DOUBLE MURDER IN LOUISIANA.

Two Men Shot to Death by an Unknown Assassin.

Beaumont, Tex., Sept. 25.—A double murder occurred at Lockport, La., near Lake Charles, R. B. Holloway, of that place, and Tom Bowman, of Orange, Tex., being the victims. The identity of the assassin has not yet been determined.

Bowman and another man from Orange were in Holloway's saloon when Bowman stepped out of the from door, going home. A minute elapsed when a shot rang out and Holloway, who was standing behind the bar, received a load of buckshot in his left side below the heart, and fell to the floor. He expired in a few minutes.

Fifteen minutes later another shot was heard and upon investigation the dead body of Bowman was found a short histance from the saloon, the top of his head being blown off.

Auto Demonstrator Killed.

Chicago, Sept. 25.—Walter Calkins, an automobile demonstrator, was killed shortly before daylight today when his machine ran into a heavy wagon and overturned, crushing Calkins beneath it. Although the lights in front of the machine were lighted, it is supposed that Calkins failed to see the wagon until too late.

There are many things relating to freight shipments that should be remedied and many trifles that should not receive attention. A fair adjustment of rates between the railroads and shippers ought to be had without any more discord.

Atlanta has been boasting of her health, yet typhoid, as fatal as yellow fever, is causing the doctors much trouble. In their efforts to secure a home product to keep the mayor at home they must have neglected to watch the water supply.

The cities of Jacksonville and St. Augustine have everything ready to give President Roosevelt a good time when he is in those cities October 21st. Jacksonville will not have time to feast him in that city, but they will have a hand in the affair at the Ancient City, and he will receive a welcome that is a welcome, for those people never do anything by halves.

Russia have something which is [illegible] as a $600,000,000 cash indemnity in the peace settlement. She [illegible] railway lines worth $260,000,000, coal mines worth not less than $10,000,000 and fishing rights that will be worth at least $10,000,000 a year. Besides the practical suzerainty over Korea, the undisputed possession of Port Arthur and other spoils of war taking will amount to a handsome consideration.

A realization of having the truth brought out regarding the securing of money from the corporations to carry on the last presidential campaign by the Republican party is quite equal to a victory through dishonest methods. But the statement by President McCall that Parker got money, too, is very flimsy, when the man with the money-bags doubted the Judge's sincerity in favor of honest money. Hustle up that monument for President Roosevelt, before Davenport suggests one.

AN AWAKENING.

There has rarely been in the financial history of our land a time when all the conditions of business were near so healthy as now. The Wall Street Journal says that there is immense production without any signs as yet of overproduction. There is unprecedented activity without inflation. There is large and vigorous enterprise without over-promotion. Both capital and labor are well and profitably employed.

The exposures of scandalous conditions in the administration of insurance companies instead of causing fear should be an occasion for rejoicing. It is far better that these disgraceful proceedings should be revealed at this time than that they should continue until corruption had worked its complete results in wrecking the companies. It is better that the disclosures should be made now when the country is so prosperous that they do not weaken public confidence in the solvency of business. Usually such revelations of maladministrations come in a time of panic or depression. Now they come in time of prosperity, when the country is prepared to deal with them vigorously without their producing a paralyzing effect on commercial activity.

The feature of the situation in our minds is, after all, not the plain proofs of business prosperity, but the manifold signs of the revival of business sobriety and honesty. All over the country there are manifestations of a moral uplifting. Never was there a time when there was so much discussion of the ethical problems of business. Eight or nine years ago the country passed through an educational campaign in regard to the economical properties of money. At that time the people of the United States learned more about the nature and function of money than they ever knew before. The result of the campaign of education has been to place this country upon a sound money basis, which is one of the factors of our astonishing business prosperity today.

MATERIAL SCARCE.

It would seem as though there could be building material enough obtained from the mills in Florida to supply the wants of the people of Gainesville, but it is not the case, for there are several who contemplate the erection of residences who have been obliged to wait for several weeks to secure material to go ahead with their work.

There is a demand for more lumber as well as for more residences by people who are anxious to go to housekeeping. Hardly a day passes but what we have inquiries at The Sun office for a house. Several families in the city are looking for suitable residences. Most of them want a house near the business center, and there are many good vacant lots that might be occupied with a house that would pay good interest on the investment.

Give us more building material and the houses will be forthcoming.

SUNSTROKES.

The mornings and evenings of these bright September days are of the real stuff—de-lightful.

Some men stay away from church because their wives won't go with them from oversleeping.

Things are getting down to their normal condition at this time of the year. The sun is now setting in the west.

So many people think that if one such enterprise pays in a city, two should make more business and pay as well. Bread over-done is about as bad as dough.

The Germans have levied a new tariff on American apples. That's nothing. There must be a tariff levied on apples sent to Florida, judging from the price.

It is astonishing how some people will sit so still and listen to the most trifling sensation, waiting with bated breath for the climax.

When a doctor is called out of a church or theater he feels a relief to know that the "code" permits such methods of advertising.

A great many people pose as "injured innocents," when they are not in the thoughts of the ones they charge with the act. And often offense is taken when none is intended.

A letter has been addressed by the United States Marine Hospital Service to the passenger agents of the railroads operating in Southern territory advising them that under the national quarantine laws they would not be permitted to sell tickets to any person coming from an infected district, and desiring to go into territory which is infectible. The latter has been defined by the Federal authorities as being south of a line running from Washington through Charlotte, Spartanburg, Atlanta, Huntsville, then north to Vincennes, Ind., and then west to the State line between Missouri and Arkansas, and westward along that line to the border of the two States. The railroad authorities addressed are cautioned that under the national regulations no ticket should be sold to a person coming within the terms of the order, who had not been absent from infected territory for at least six days, and that satisfactory proof of such absence should be required in all cases.

Pensacola is bound to go ahead, yellow fever or no yellow fever. Some of the men are such hustlers that they don't stop for a case of fever, but go about their business until run in by the quarantine officers.

Now that Japan has got several new industries by the settlement of the war claims, she will have to start up the newspapers to advertise her new products.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from overexertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me.

NEGRO KILLED BY OFFICER.

Fight in Chattanooga Results in Several People Being Hurt.

Chattanooga, Tenn., Sept 3.— As the result of a fight which occurred about 3 o'clock Friday night between guests of the Read house cafe and three negro waiters, who were on duty in the cafe, Ed Irwin, the head waiter, was shot and instantly killed by Chief Deputy Sheriff Fred Frawley in front of the hotel while advancing on the officer with a knife after he had already cut two bystanders who were aiding Mr. Frawley in making the arrest. Mr. Frawley repeatedly told the negro to put down his knife and did not shoot until after he had hit the man over the head several times with the butt of his revolver.

In the preliminary trouble, which occurred in the cafe, Frand Meador, superintendent of the quarantine for Georgia in the Chattanooga district, residing at Decatur, Ga.; J. H. Goss, quarantine inspector of Decatur, Ga., and F. C. Forbes, quarantine inspector of College Park, Ga., were all more or less injured as the result of blows inflicted by the negro waiters.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes! The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their names and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted, and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

Voting Tickets Can be Secured From the Following Merchants:

G. W. HYDE.

The leading Dry Goods store. Voters, remember this is headquarters.

Marcus Endel.

Gainesville Planing and Coffin Co.

A glorious opportunity for contractors to vote for their favorite. A load of wood 10 votes. Don't miss them.

W. D. Fagan & Company.

Our Meats and Vegetables are the best the market affords. Vote here.

Gainesville Steam Laundry.

Give us your work; save the bundle slips. Get your friends to do likewise. Take them to our agency and get the votes. Big item.

A. M. Cushman.

Votes will be issued for premiums on new policies written or old policies renewed, provided such premiums are paid within thirty days of date of policy. For each 10 cents of premium one vote will be issued.

Mrs. S. W. LeGrande.

The only Millinery and Notion store issuing votes. Vote here.

Merchants, Note Carefully.

The rules of the contest provide that each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun, on Saturday before noon of each week, over his own signature, including the tickets, carefully wrapping and tying them up in as small a package as possible; write your own name and date of delivery on each so that they can be filed away with your records and delivered to a committee on awards appointed at the close of the contest.

THE SUN'S Voting Proposition.

Under no circumstances will an employe of this paper be allowed to cast a vote in this contest.

We will give a premium of 75 votes for every paid three months' subscription, 200 votes for every paid six months' subscription and 500 votes for every paid subscription for one year to Daily Sun, and 200 votes for one year's subscription to Semi-Weekly Sun. Old subscribers get the same number of votes by paying their subscriptions in advance. Every voter should be a subscriber. To the institution securing the largest number of votes in this manner, we will award at 7 o'clock p. m., October 14th, 1905, 10,000 votes.

LIBRARY VOTING COUPON.

This coupon entitles the holder to two votes that can be cast for any institution competing for the beautiful library, when properly filled out, signed and returned to the ballot boxes in either the above stores.

SHIPMENT OF CATTLE TO CUBA PROFITABLE

Mr. Markham Makes Big Thing Sending Cargoes to Island.

HE BUYS FROM EVERYWHERE

Takes the Cattle to His Own Private Ranch at Romeo, Gets Them in Condition and Ships Them Where There is a Ready Market.

William Markham of Romeo, a prominent cattle buyer who has made a great success, was recently in the city. Mr. Markham is what might be termed a practical ranchman. He was raised upon a ranch, and has been accustomed to the sweet-scented clover, and never feels at home unless among the cattle. Moving to Florida in his early age, and settled amid the green pastures of this State, which were more numerous then than now, he gained the advantage of learning all about cows, their condition and diseases, which he has since put to practical use.

Mr. Markham has been engaged in the purchase of cattle and their shipment to Cuba for several years, and never a month passes that he does not make a consignment, which brings good prices. He is now in this section, and proposes in a short time to send a carload of Alachua county cattle to Romeo, where he will place them on his immense private range and prepare them for shipment.

"American beef-cattle bring good prices in Cuba," remarked Mr. Markham. "The net profit, after paying freight and all other expenses, is much better than in America, and we find that the market is also better. A man can ship a cargo of cattle to any port in Cuba and always find a ready market."

Mr. Markham was here a few days ago and managed to secure several hundred head of cattle from this section. He is a man thoroughly posted in his position and does not fail to take advantage of all opportunities.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.). He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Rupture Between Foreign Countries.

Bucharest, Roumania, Sept. 25.—The diplomatic rupture between the countries of Greece and Roumania, has been completed by the departure of the Roumanian minister from the city of Athens. The interests of the Roumanians in Greece have been entrusted to Italy, while the Russian legation here will guard the interests of the Greeks in Roumania. The cause of the trouble between Roumania and Greece is the refusal by Roumania of the demand of Greece for compensation for those who suffered by the pillaging of Greek ships and maltreatment of Greeks during the recent demonstrations at Bucharest.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the relief and joy of the mother. Sold by W. M. Johnson.

Two Killed by Train.

Raleigh, N. C., Sept. 25.—Walter Grover Carpenter, aged 17, and Lester [illegible], a Southern railway operator, were run over by a train and killed. They had stepped off one track to escape a passenger train, but were caught on the other by the freight, both being horribly mangled.

Attacked by a Mob

And beaten in a labor riot, until covered with scores, a Chicago street car motorman applied Buckien's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Smith of Texarkana, Mich., "and find it supreme for cuts and bruises." Only 25c at all druggists.

Gives $50,00 to Elks.

Philadelphia, Sept. 25.—Among the bequests of the later Herman Siebeling, who was a wealthy printer of this city, is one of $50,000 to the Philadelphia lodge, No. 2, B. P. O. Elks. His will was filed with the register of wills today and at the same time a caveat was filed on behalf of relatives, who intend to contest any will not offered by them. The $50,000 bequeatned to the Elks is said to be the largest bequest ever made to a fraternal organization in this city. Mr. Siebeling also left $1,000 to the Elks' National home at Bedford, Va.; $1,000 to the Masonic home, Philadelphia, and $1,000 to the Home for Aged Veterans and Their Wives, also of this city.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Will Meet in Denver.

Seattle, Wash., Sept. 25.—Denver, Colo., has been selected as the place of the meeting of the national Grand Lodge of the Sons of Hermann of the United States in September, 1909. National Grand Lodge officers were elected in as follows: President, William Foelson, Minn.; first vice president, August H. Springer, Seattle, Wash.; second vice-president, Louis Weigel, Helena, Montana; secretary Richard Schafer, Bridgeport, Conn.; treasurer, C. Walther, Chicago.

Seriously Injured by Explosion.

New York, Sept. 25.—Hurled many feet against a brick wall by the explosion of a large quantity of naphtha, four firemen narrowly escaped death in a fire which last night nearly destroyed the factory of the Empire State Cleaning and Dyeing works in Brooklyn. All were attended by physicians and removed to a hospital, where it was said that all those injured probably would recover. Three firemen saved the injured men from almost certain death. Covering their faces with their rubber coats the three men dashed though a sheet of flame to where the four injured firemen lay and dragged them into a hallway. The three rescuers were scorched about the hands.

Imprison British Subjects.

New York, Sept. 25.—The Tangier correspondent of the Herald sends a report from Mazagan that the governor of that was imprisoned with members of the family of El Menebhi, former minister of war, who is enjoying British protection. This news has caused general anxiety, as El menbi's relations to the Moorish government have been long ago definitely settled. The reason or the arrest is still unknown.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Broke Daughter's Neck.

Montgomery, Ala., Sept. 25.—Dr. R. M. Cunningham of Ensley, Ala., lieutenant governor of Alabama, announced his candidacy for govenor of the state in the letter which the Advertiser will print this morning. The lieutenant governor in his communication shows his position on all the public questions now being agitated in state politics and points to his own political record.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Stole $4,000 Worth of Jewelry.

New York, Sept. 24.—Van Huesen, Charles & Co., were the victims of $4,000 theft a year ago of diamonds and other jewelry, for which "Little Jeff" Sherman was arrested at St. Louis recently. Two confederates had the attention of the clerks and the boy at the door was sent out to look after Sherman's wife. The robbery occurred at midday.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

H. H. Herrin of Micanopy, who is associated with F. S. Osteen in the manufacture of naval stores, was in the city Sunday. He came to accompany his sister-in-law, Mrs. F. H. Herrin, who has been on a visit to Micanopy and was en route to her home in Marianna.

South University street seems to be enjoying its share of progress in the matter of building. Several nice residences are now under course of erection on that thoroughfare, while others have recently been completed. As a rule the buildings are of a very modern class.

A. W. Taylor, who has been with the surveying corps of the Gainesville and Gulf Railway, which is working southward from Fairfield to Tampa, arrived in the city Sunday for the purpose of attending the marriage of his daughter, Miss Janie, to Charles Victor McKinstry, which will occur at the First Presbyterian Church this morning. Mr. Taylor states that, notwithstanding the woods at this season are very wet, being overflowed in some places and the insects almost intolerable, the corps is making very good time, having reached Holder, Citrus county. The corps expects to make better time from Holder south, as the country is said to be in much better condition, being higher and more rolling.

A Fine Portrait.

The people of Gainesville feel proud of such a talented artist as James F. Smith, who is regarded among his profession as one of the best.

Mr. Smith is a specialist on portrait work, which he followed exclusively in Cincinnati for many years prior to coming to Florida. One of his latest creations in water color is a portrait of Mrs W T. McCreary, deceased, who resided at Cedar Key. The work is perfect in every way and is a great credit to the artist.

Few photographers in the South, if any, are superior to Mr. Smith, and the people show their appreciation by patronizing him.
